

# Signs, Signs, Everywhere There's Signs Project

Name \_\_\_\_\_

Due Class 2

Due Date: \_\_\_\_\_

### Description:

In this project you will learn about the number and type of traffic signs and signals between your house and Ahead of the Curb.

### Task:

- Count and record the number and type of traffic signs and signals between your house and Ahead of the Curb.
  - Stop lights
  - Regulatory signs
  - Warning signs
  - Guide signs
- Write or type a paragraph (at least 3 sentences) explaining what you thought about the number of signs and signals (should there be more, less, it was about right). And if the street department used your recommendation how would the safety of travel between your house and Ahead of the Curb be affected?
- Put all of the information in a typed or written report (on regular sheet of paper)
